zapphire.
INTERNATIONAL

SPACES. SERVICES. EXPERIENCES.

Better spaces. From idea to handover.

Planning, equipment procurement and practical delivery for fitness, wellness and recreational spaces.

Architectural concept. Not client photography.

An independent venture. A connected approach.

FOUNDED 2024 / INDIA

Built with intent.

Zapphire connects the decisions behind a working space: what it should enable, what belongs in it, and how the pieces come together.

Our foundations are in fitness, wellness and recreation. Our ambition is to build useful spaces, services and businesses through considered choices and practical execution.

CONNECTED CAPABILITIES

01 **Planning & advisory**

Discovery, project scoping, layout planning and equipment requirements.

02 **Equipment & procurement**

Equipment selection, supplier communication and procurement coordination.

03 **Delivery & coordination**

Vendor coordination, installation supervision and project follow-through.

04 **Commissioning & handover**

Completion coordination, commissioning and final handover.

FOUNDER & DIRECTOR

Arpit Ahuja

Exercise & Sports Sciences at Manipal Academy of Higher Education. Experience across facilities, procurement and commercial operations.

CONNECTED PROJECT DELIVERY

From brief to finish.

Services, responsibilities and milestones are defined around the actual project. Engage us for a focused requirement or a connected facility scope.

01 / UNDERSTAND

People, purpose, priorities and practical constraints.

02 / SHAPE

Layout, equipment, scope and delivery responsibilities.

03 / COORDINATE

Supplier conversations, installation activity and open decisions.

04 / HANDOVER

Completion, commissioning and the agreed final handover.

SELECTED WORK / DELIVERED

A fitness facility.

Zapphire led layout and space planning, equipment selection and procurement, vendor coordination, installation supervision, commissioning and final handover.

Project type

Fitness infrastructure

Client

Private / Undisclosed

Client names, locations and identifying details remain confidential. The published case describes our contribution, not operating performance or financial outcomes.

A PRACTICAL FIRST STEP

Start with the brief.

You do not need every answer before making contact. Explain what is known and what needs to be developed.

The context	Type of facility, intended users and activities.
The practical details	Available space, project stage, target timing and budget position.
The support required	Planning, procurement, coordination, commissioning or handover.

PROJECT & SUPPLIER COLLABORATIONS

We welcome relevant equipment supplier introductions and specialist project collaborations. Explain your capability, where it fits and the opportunity you have in mind.
